A printed copy of the document of Rowdri Pagoda has been received with the records, and it has not been attested. Before noting on the merits of the case, it is necessary and desirable to look into the original "Patta" with a view to know in what capacity Sri Raghava Dasa Tirtharu executed this document etc. Seeing that the latter's succession to the Peetam was subsequently recognized by Govt. in some 34 years later by Order dt. Septr. 1923.

May the original document be called for from the Orders solicited.

succession of Rajuprematirtha Sri Padangalavar there is now no occasion for ~~xxxxxxxxxx~~ considering this question at all. The Peeta is not vacant, nor has the present incumbent of the Peeta applied for sanction of Government to the nomination of the petitioner. The claim of the petitioner himself is not strong strictly viewed. The contention is that he received sanyasa from the present Swami with the object that he should be the next Head of the Mutt. But at the time the present Swami gave the petitioner sanyasa, the former was only an ordinary sanyasi and not the Head of this Mutt. The date on which the sanyasa was given was 6th August 1920, while that on which the succession of the present Swami was recognised by Government was 21st September 1923. The action of the present Swami on which the petitioner relies for establishing his claim to the place, cannot be considered as carrying any authority in ~~xxxxxxxxx~~ regard to the question of succession. Besides, any succession requires the previous approval of Government and no such approval was obtained. In these circumstances, I do not think the recommendation of the Deputy and Inspector Commissioners for the recognition of the nomination of the petitioner to succeed to the Peeta can be approved.

11 A perusal of the records, however, shows that the present Swami's part in this affair is far from satisfactory. He admits having given sanayasa to the petitioner and there is evidence - this requires to be verified - that the object was that the petitioner should succeed the present Swami. There is no reason to doubt the truth of what is stated in the Sub-Division Officer's report and according to it the Swami at first admitted that the petitioner had been given sanyasa with the object that he should succeed him and now he ~~not only~~ denies it ~~but also goes further~~ and says that the Sub-Division Officer's report is unfounded.

17 The records do not establish that there is gross mismanagement and even if there were, the procedure provided for in Section 26 will have to be adopted before any question of assumption of management of the Mutt by Government can be considered. That the Mutt and institutions at Kudli are not receiving sufficient attention, is fairly clear from the records. It is necessary to impress upon the Swami the need for his giving greater care to the sevas and services to be performed at Kudli and for the maintenance of buildings

buildings there in a proper condition. It is also desirable to indicate to the Swami that his making one statement to the Sub-Division Officer in regard to the position of the petitioner in relation to the Mutt and subsequently wholly denying such statement, cannot but be considered as very unsatisfactory. We may also add that the appointment of a successor to the Mutt requires the previous approval of Government and this point should not be overlooked by him.

17 An endorsement may be given to the petitioner to say that Government do not propose to take any action in the matter for the present.

18 The continued absence of the Swamigalu from Kudli cannot but have a detrimental effect on the care of the Mutt properties there and on the sevas and services to be formed in the different institutions connected with the Mutt there. The reports show that the provision made for the care of buildings and for the performance of services at Kudli is utterly disproportionate to the requirements. The loans endorsed to the Mutt are intended for the proper management of the Mutt and the connected institutions and the

*The Muzrai Commissioner in Mysore.*

FINANCIAL ... 2/MAY 1928

To

B. Srinivasa Iyengar, Esq., B.A., B.L.,
Secretary to the Government of His
Highness the Maharaja of Mysore,
Financial Department.

SIR,

I have the honor to state that in connection with the general question of succession to Peetas enjoying Government grants in land or money or honors granted by the Sovereign, the Swamigalu of the Sri Akshobhya Thirtha Swami matha at Kudli was requested to state whether he intended to nominate his successor immediately and in reply he stated that as he had just now succeeded to the Peeta and as he was still healthy and able to attend to Puja etc., he did not contemplate nominating any one as his successor just now (vide Srimukha dated 9th June 1927 enclosed for kind perusal and return). In view of this statement the matter was not pursued further.

2. On 16th November 1927, one Sri Raghu Prema Thirtha Sripadangalavaru styling himself as the Junior Swami of the Matha, sent a communication stating that he was initiated into Sanyasarama by the present High Priest, Sri Raghudantha Thirtha Sripadangalavaru on [illegible] with a view to his eventual succession to the Peeta and requesting that his claims may be recognized and necessary orders passed in the matter.

3. A detailed report together with connected records, if any, were called for from the Deputy Commissioner, about the facts of the case and the allegations made by Sri Raghu Prema Thirtha Swamigalu.

The report submitted by the Sub Divisior Officer and the ....

Deputy Commissioner's letter under ~~referred~~ reference go fully into all the connected matters and summarise the points requiring orders.

The position ~~under~~ the present attitude of Sri Raghudantha - Thirtha Swamigalu is by no means satisfactory. As pointed out by the Deputy Commissioner, his statement that he gave asrama to Sri Raghu Prema Thirtha Sri padangalavaru not with any intention of appointing him as his successor but only as a private Sanyasi is inconsistent with the conditions under which these initiatory ---- ceremonies were performed and the ~~expression~~ expressed intentions at the time. It does not seem to me desirable to allow him to -- change his mind. A certain finality attaches to these ceremonies and it is not open to the Swami to change his mind owing to any subsequent whim of his. If by character and learning the person selected as Swami designate is suitable, I think we should insist in his being recognized. As far as I have ascertained, the person -- selected enjoys a sufficiently high ~~respec~~ reputation to fill the office worthily.

5. As regards the mismanagement of the Matha affairs by the present Swami and referred to in the last para of the Deputy Commissioner's letter, I beg to state that I agree with the suggestions therein made, in the interests of this ancient institution some -- strong action seems to be very necessary. If approved, the Deputy Commissioner will be requested to inform the Swamigalu that he -- should make it a point to stay at Kudli the head-quarters of the Matha, for at least 6 months in the year and that he must also make arrangements to the entire satisfaction of the disciples and the Deputy Commissioner for regular services in the Matha and the --- Temples attached to it and to keep the buildings in repair always.

It is also desirable that a scale of expenditure should be fixed and if the Swami is not agreeable to this course it may be necessary to take possession of the properties on account of continuous -- mismanagement.
